DIAGNÓSTICO URBANÍSTICO

DENOMINACIÓN

ZONAS APTAS Y NO APTAS PARA LA IMPLANTACIÓN DEL PARQUE PERIURBANO

EQUIPO REDACTOR

EQUIPO TÉCNICO DE GESPLAN, S.A.

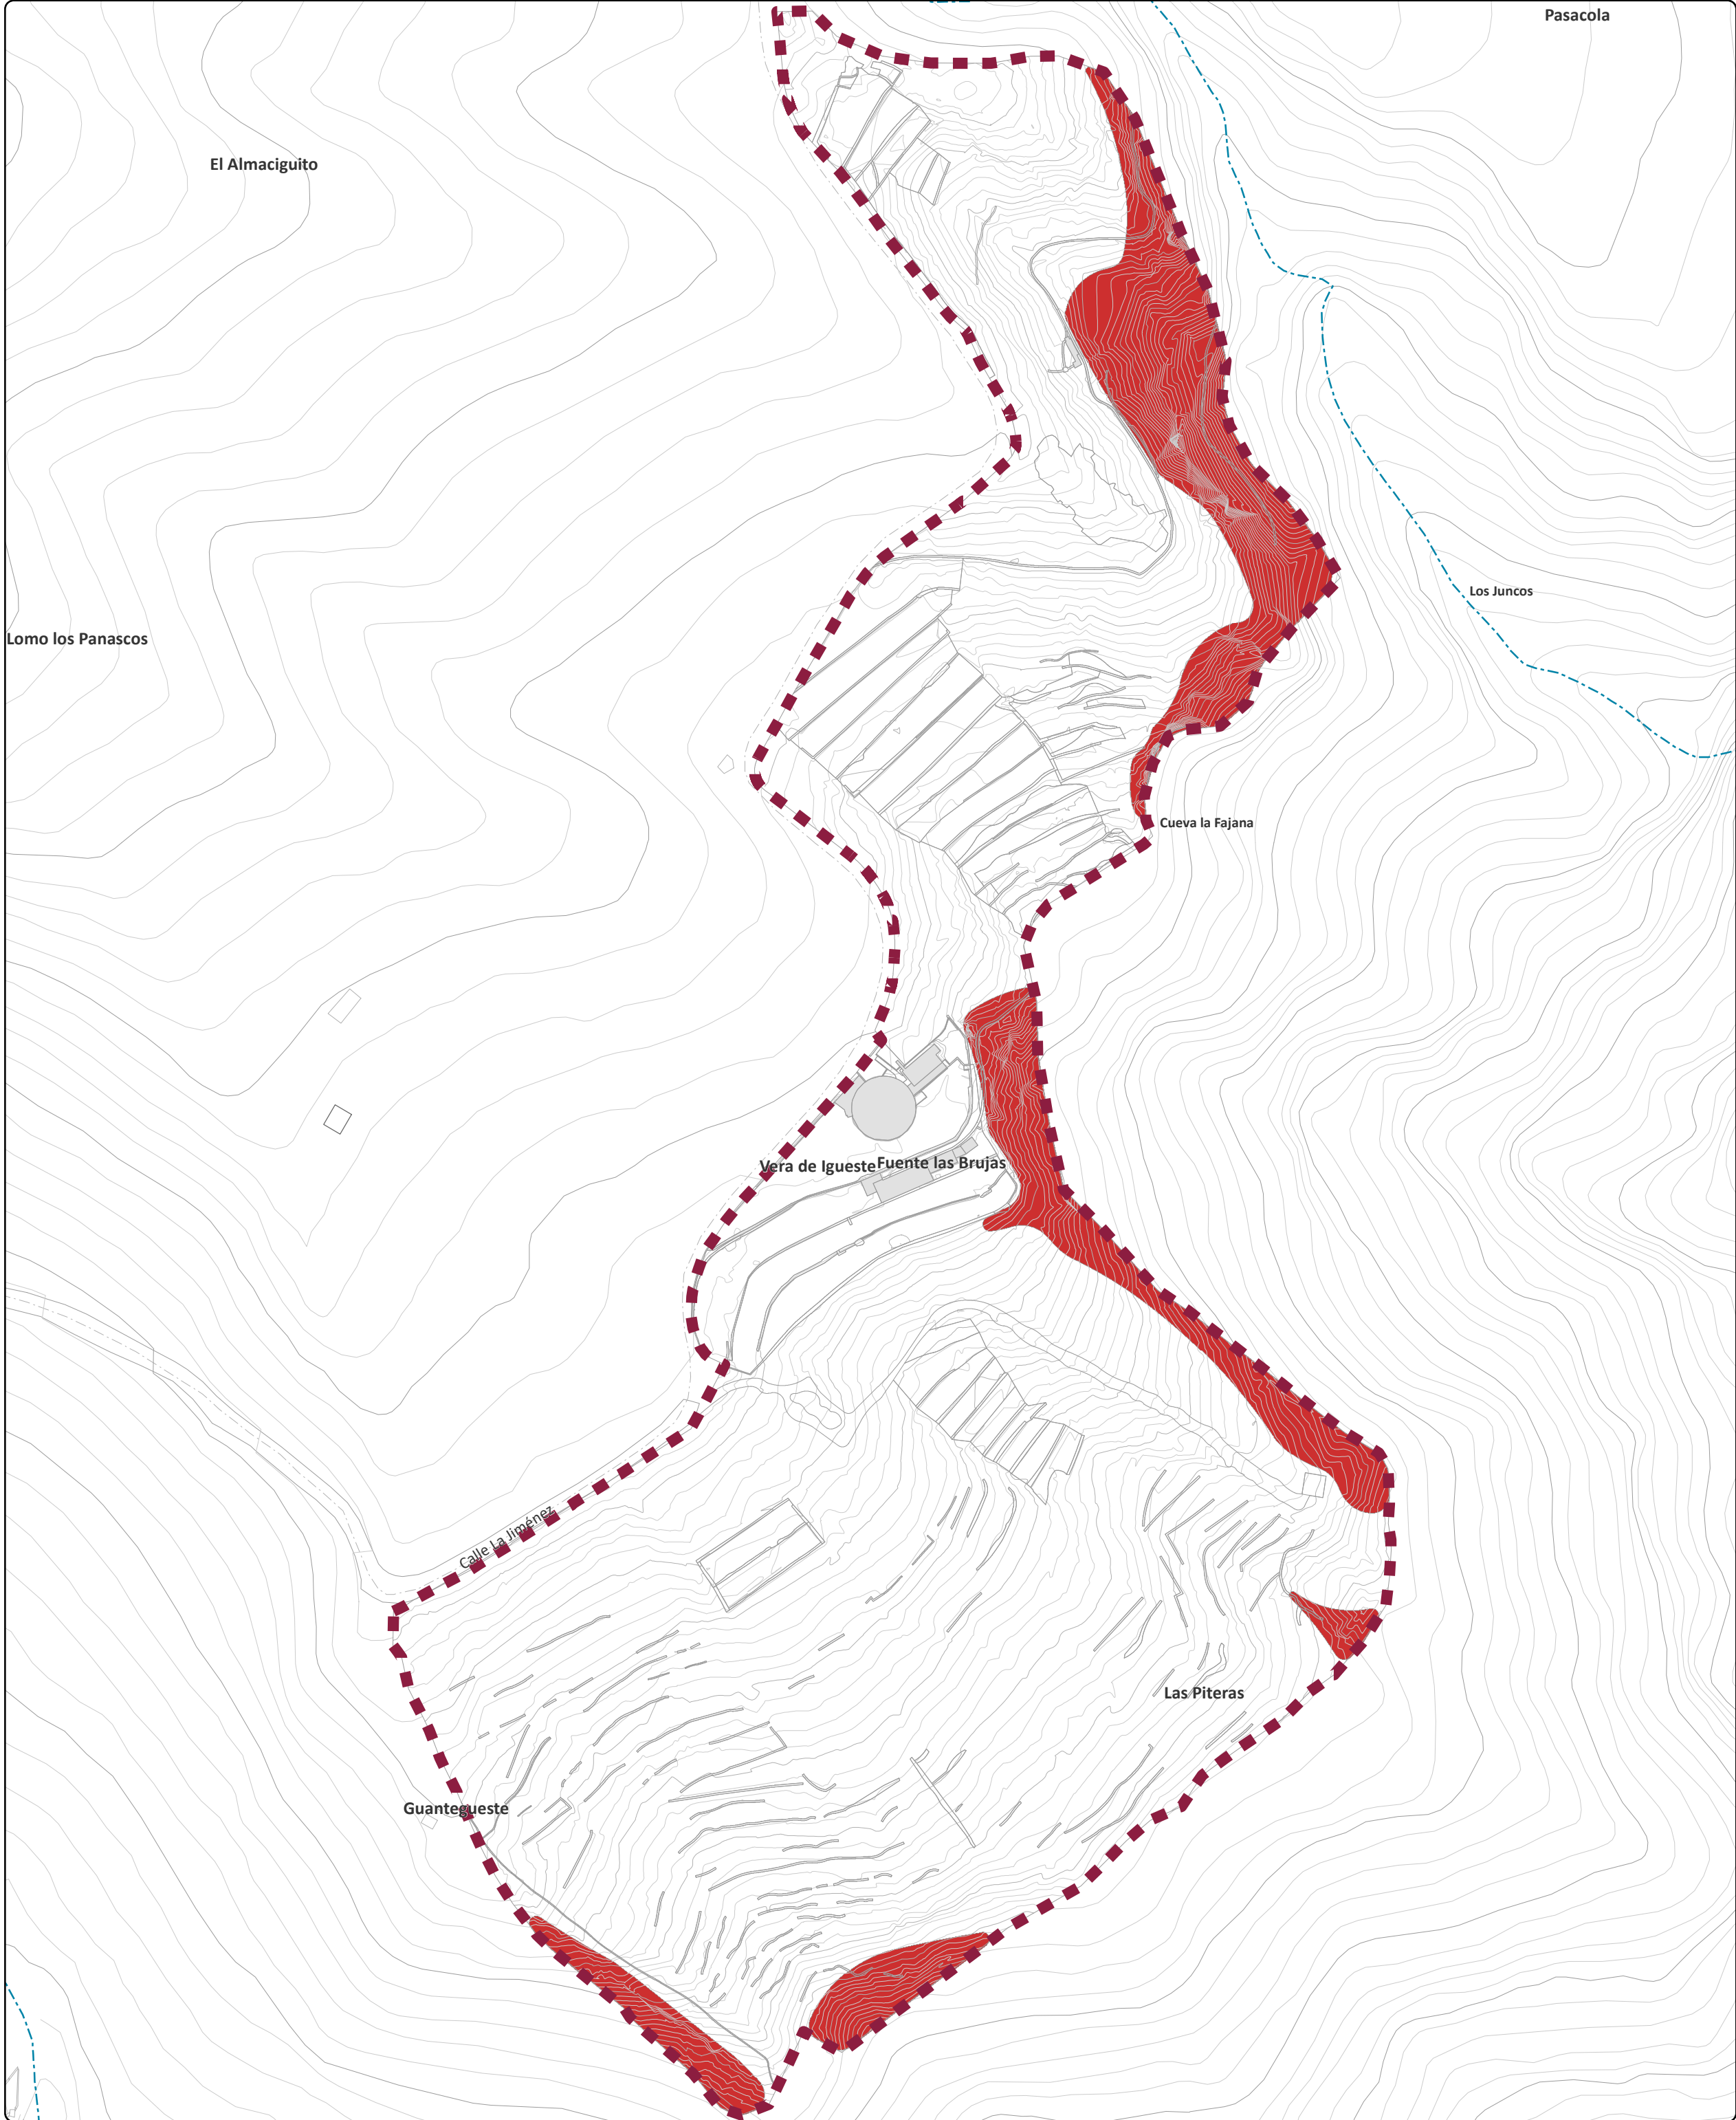

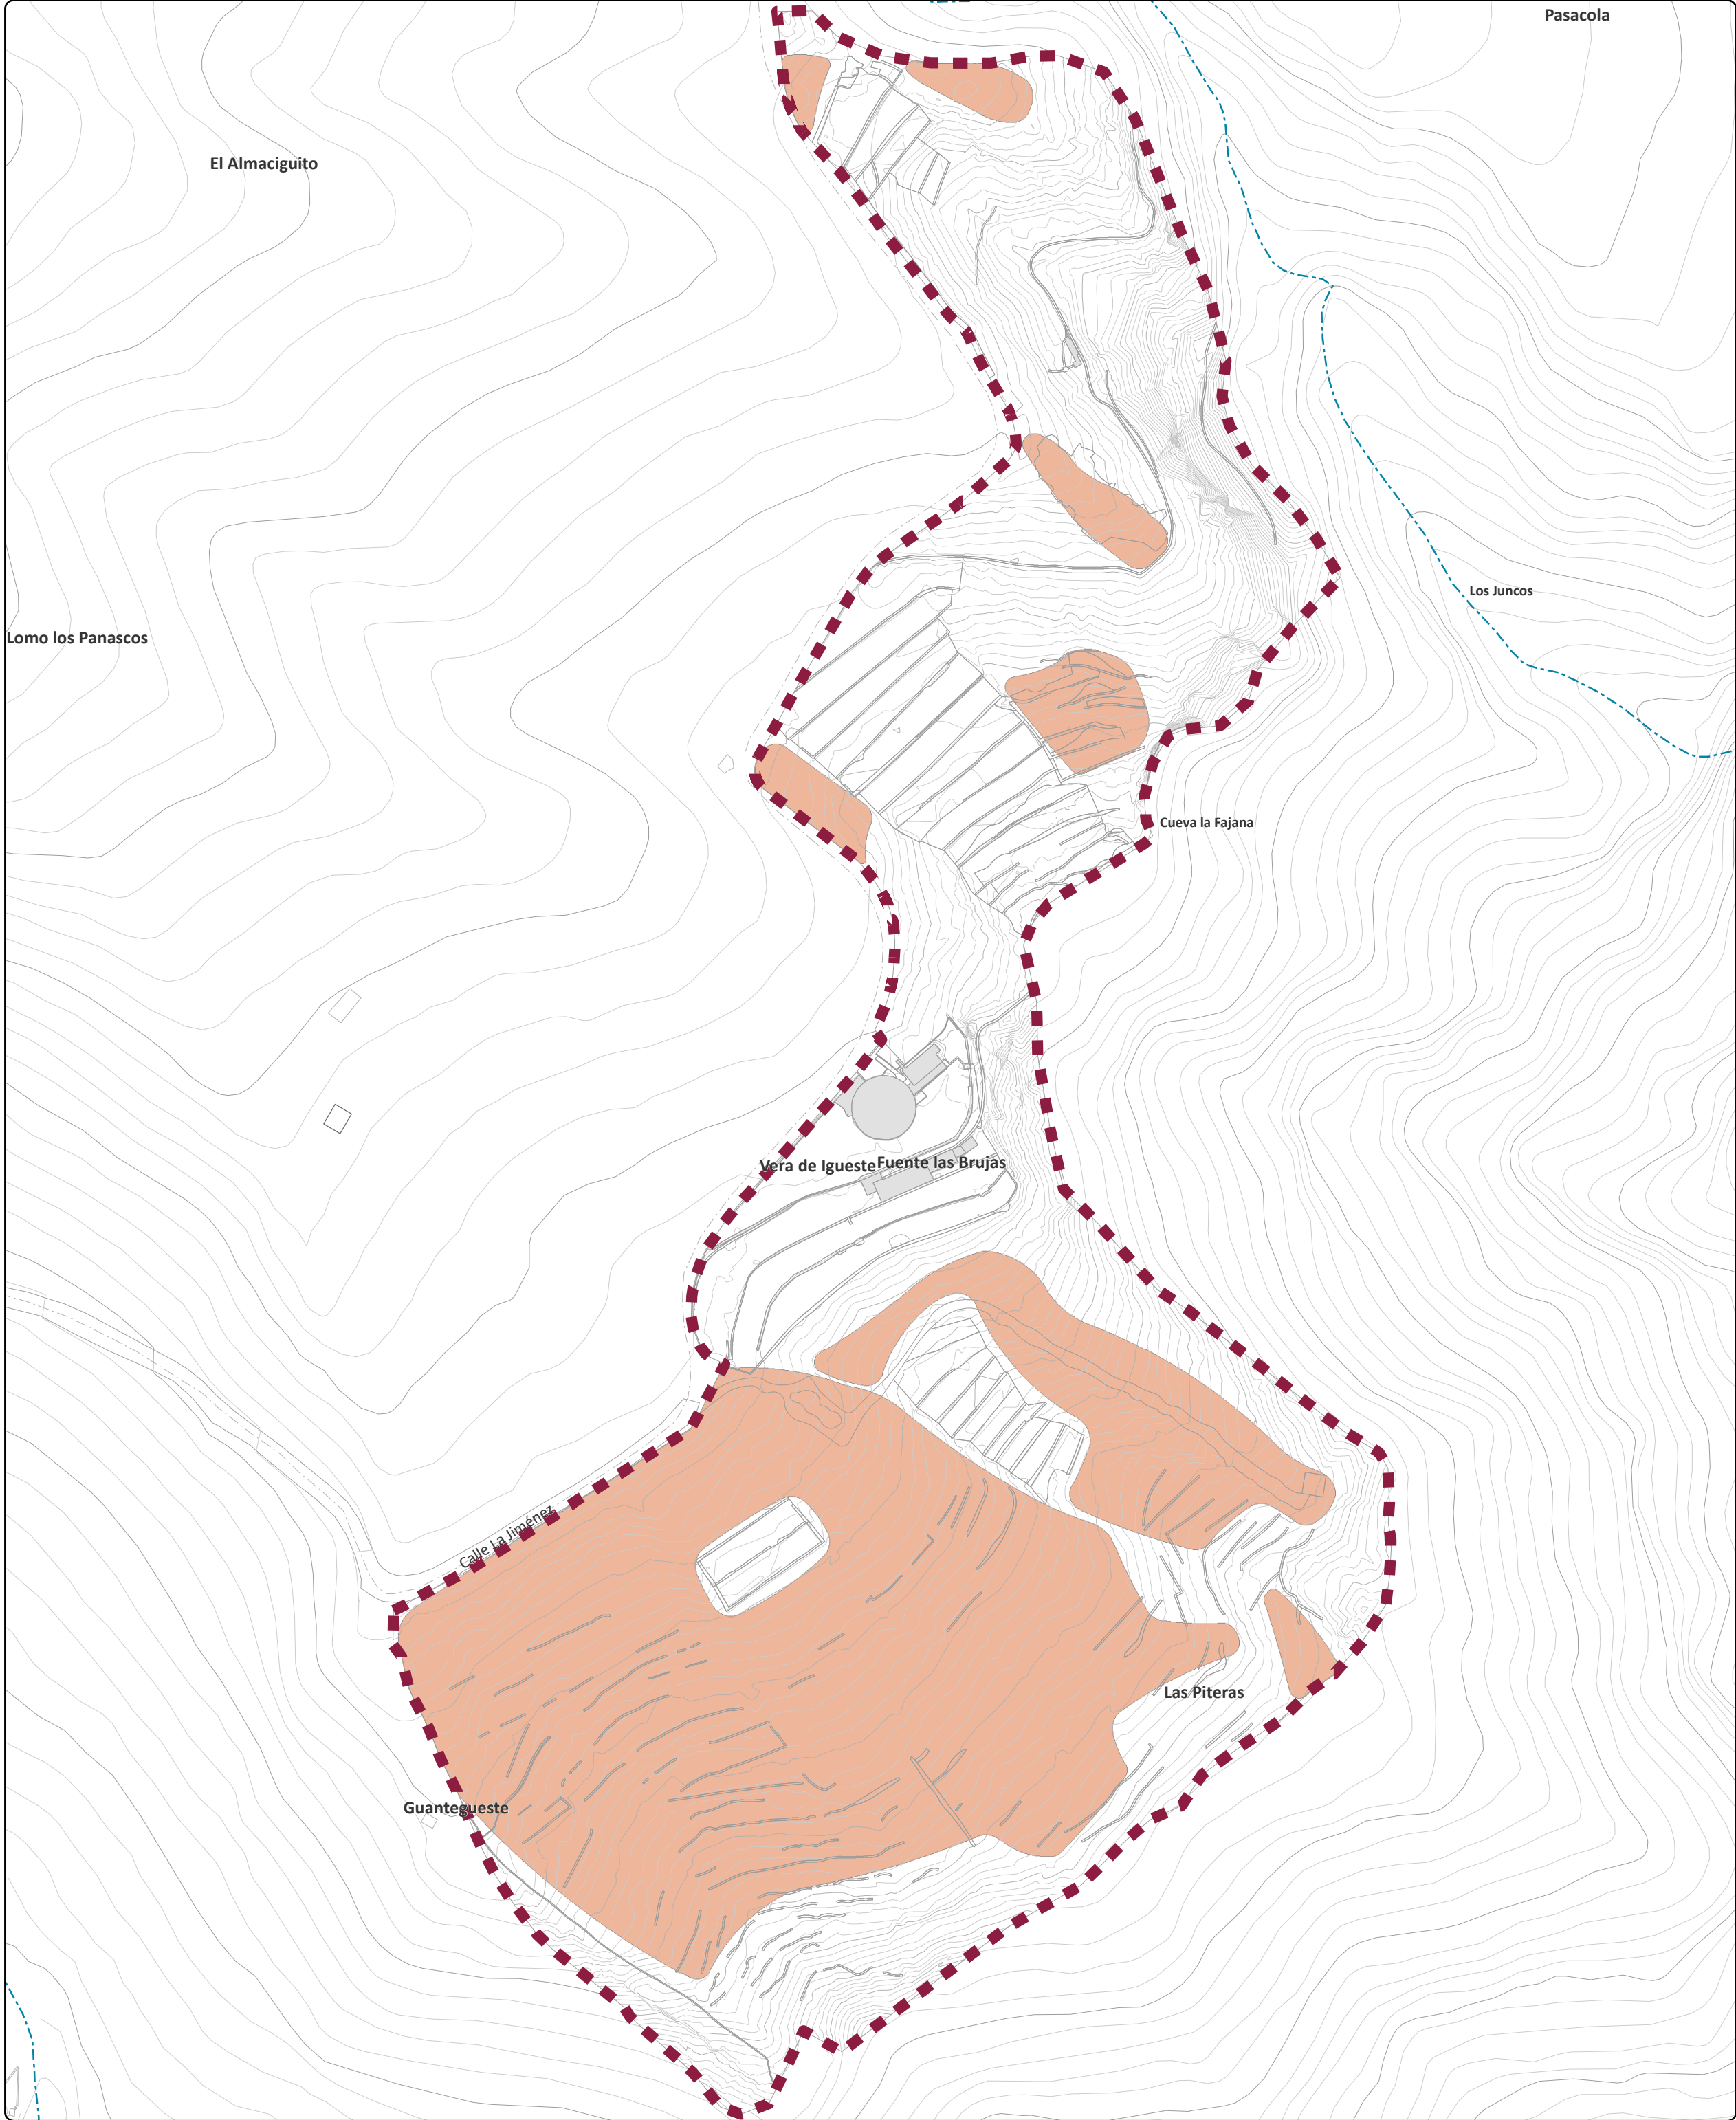

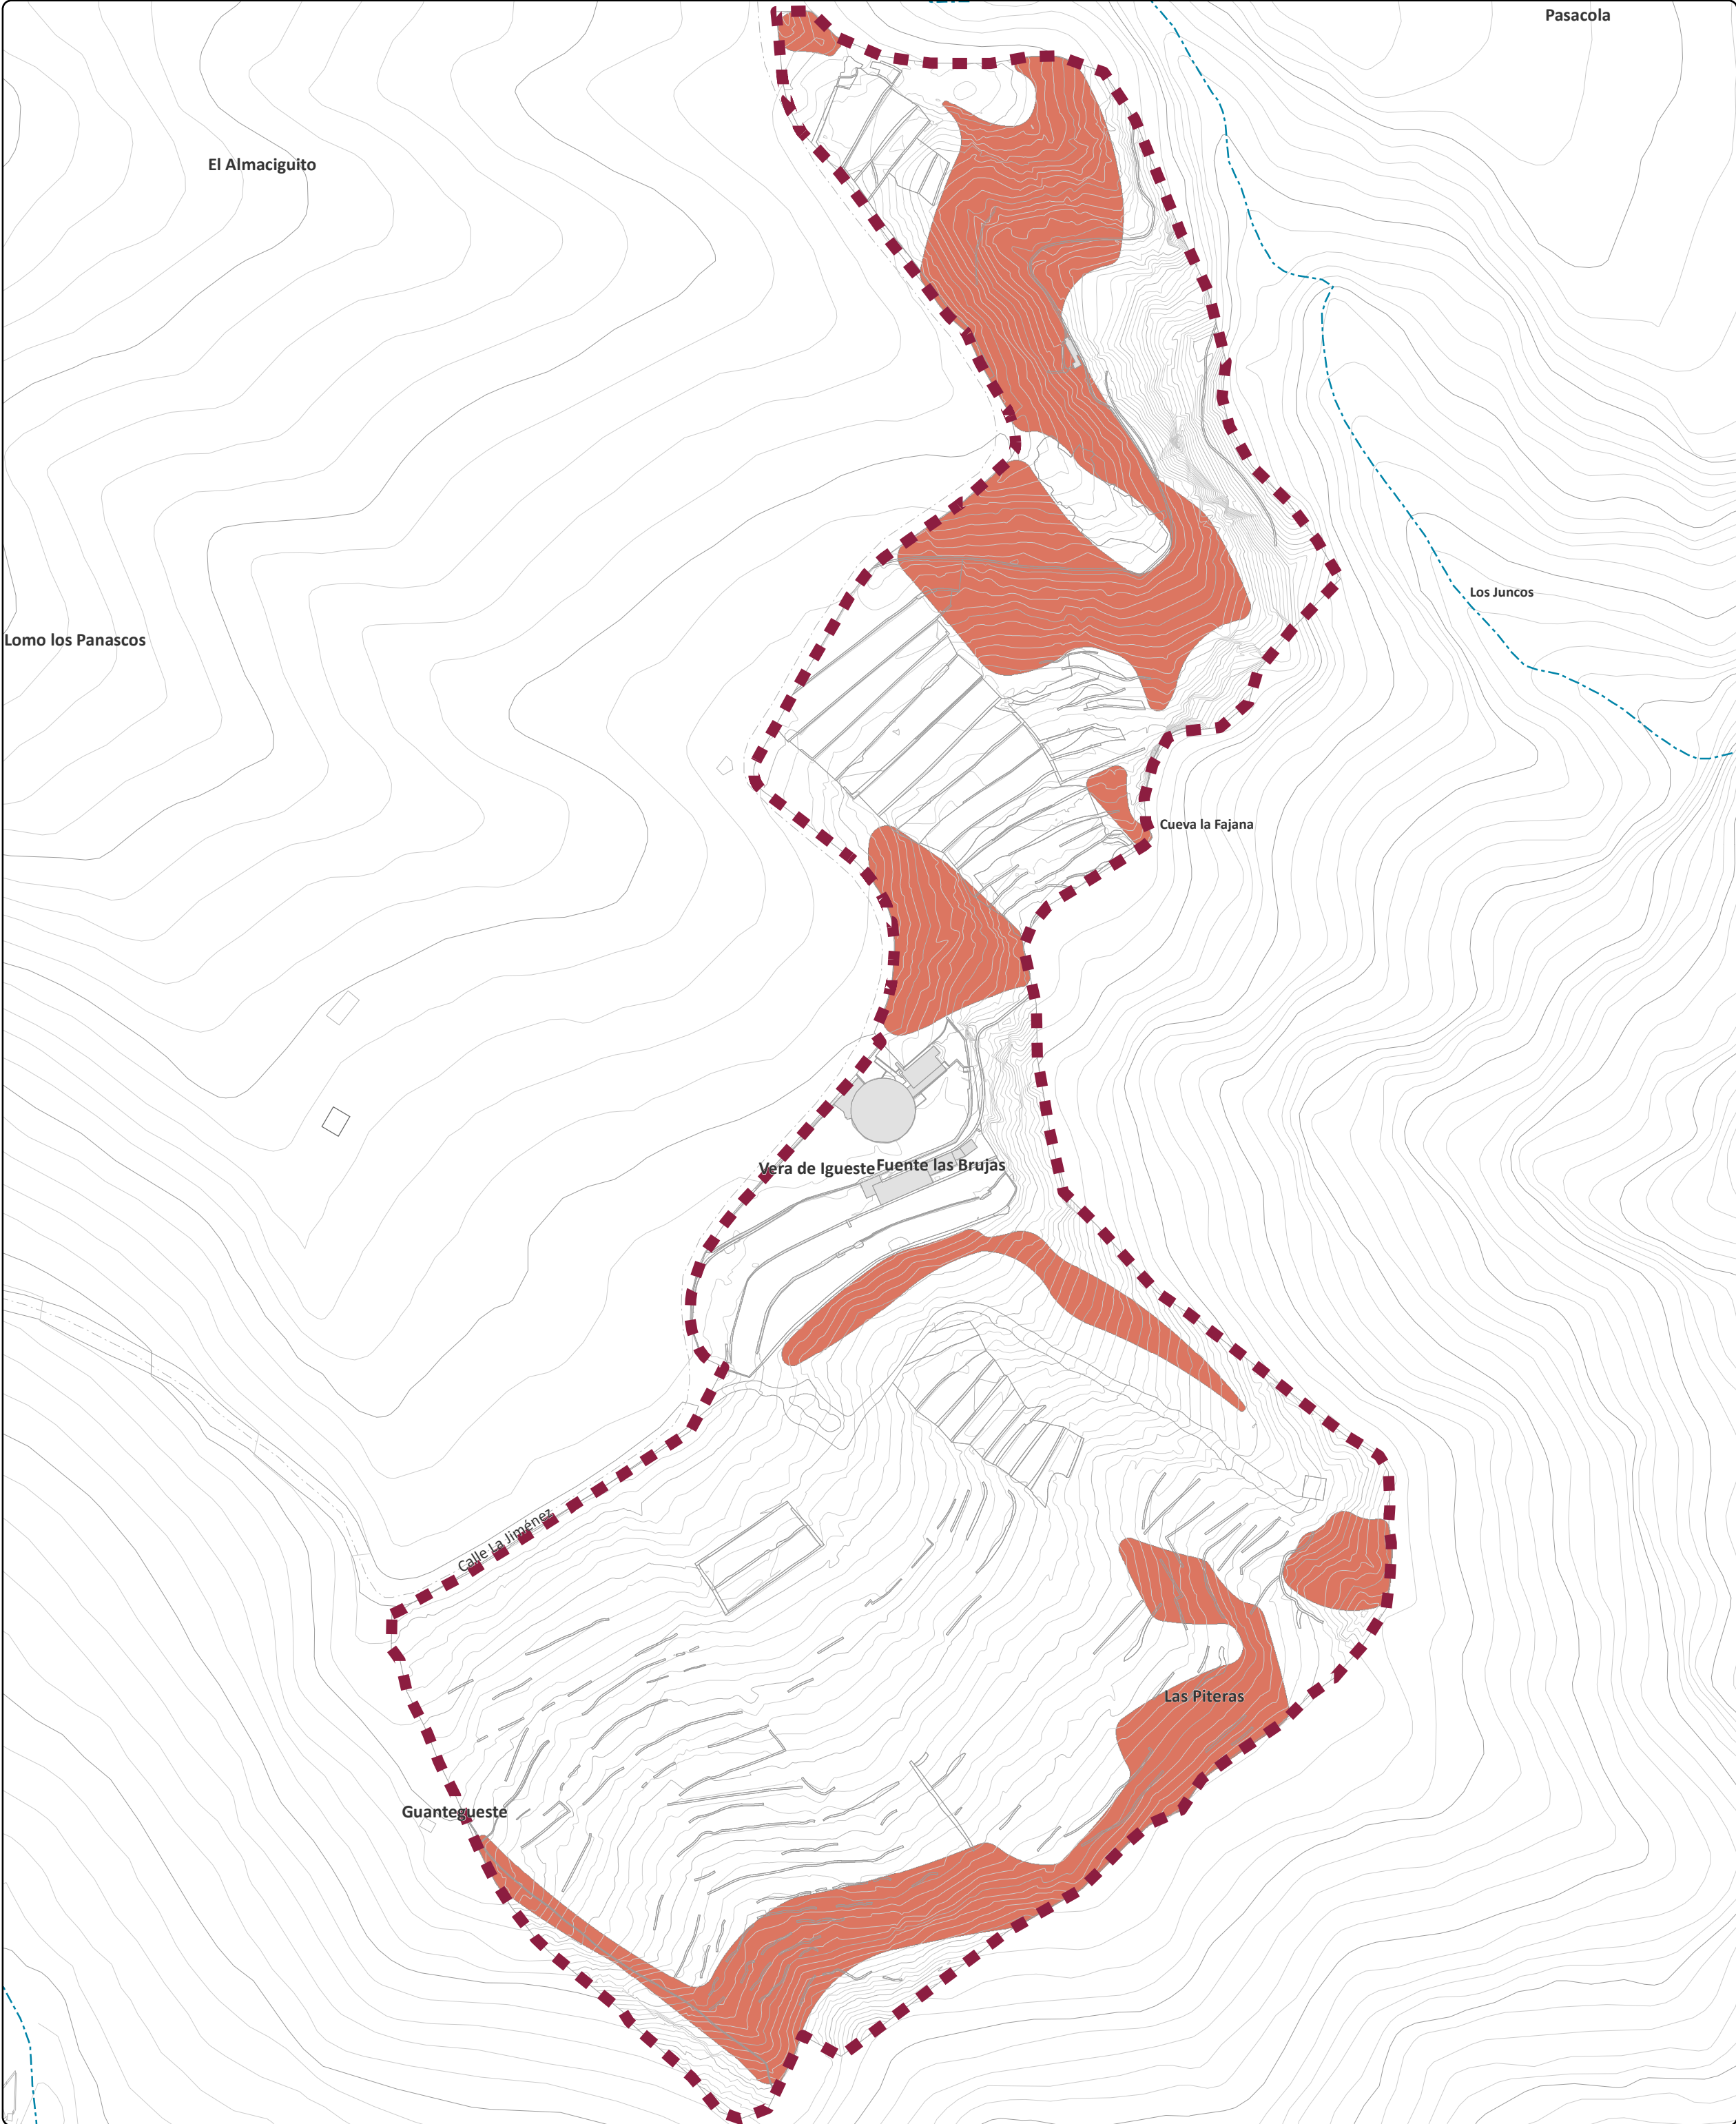

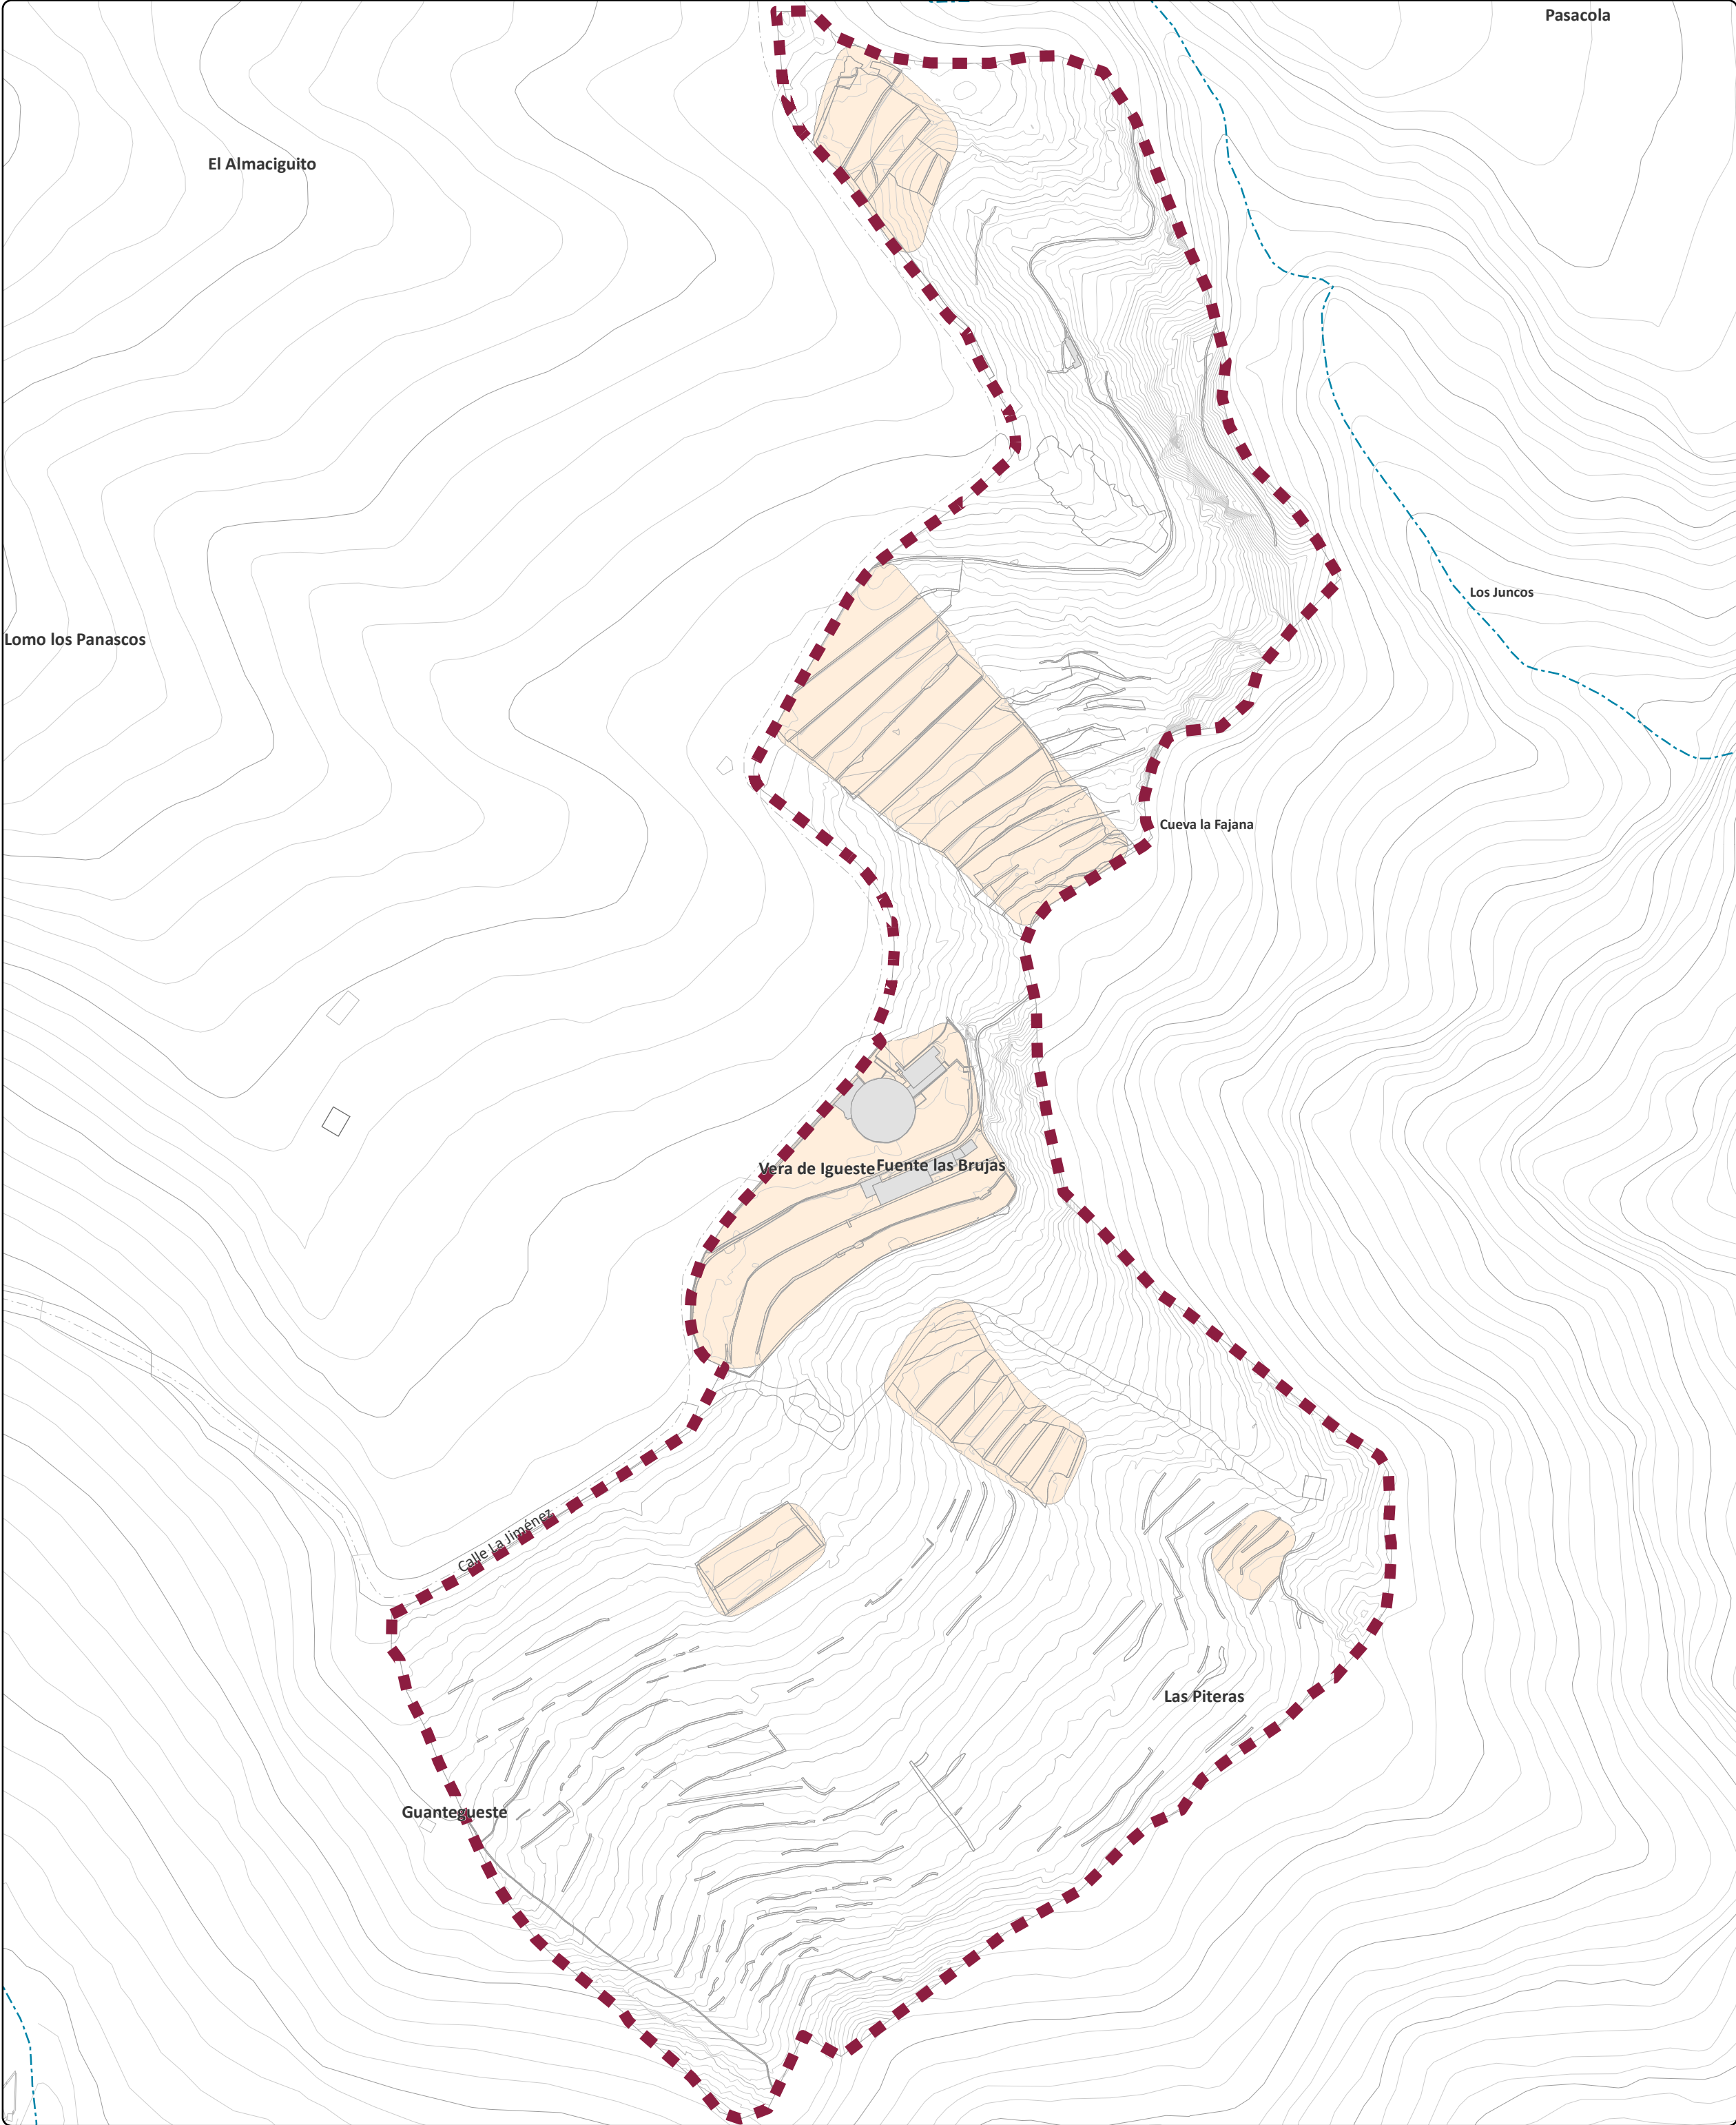

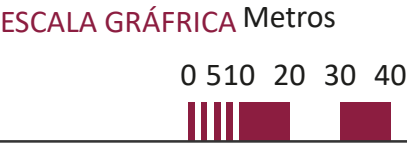

ZONAS APTAS Y NO APTAS

- Ambito de pendiente baja, < 10%
- Ambito de pendiente moderada, 10-15%
- Ambito de pendiente alta, 15-30%
- Ambito de pendiente muy alta, 30% <

- DELIMITACIONES
- Ámbito del Plan Especial
- BARRANCOS
- Cauce del barranco

DATOS DEL MAPA

SISTEMA DE COORDENADAS: WGS 1984 UTM Zone 28N
PROYECCIÓN: Transverse Mercator
DATUM: WGS 1984
UNIDADES: Meter

This topographic map depicts a mountainous landscape with numerous contour lines. A prominent red dashed line outlines a specific region. Within this region, there are several areas shaded in green and orange. Key locations labeled on the map include El Almaciguito, Lomo los Panascos, Pasacola, Los Juncos, Curva la Fajana, Vera de Igueste, Fuente las Brujas, Las Piteras, and Guanabaqueste. A blue dashed line runs along the right side of the map. The map also shows various roads and small structures.

This topographic map depicts a mountainous area with numerous contour lines. A prominent red dashed line outlines a specific region. Within this region, there are several shaded areas: green and orange patches in the upper and middle sections, and a large orange area in the lower section. A blue dashed line runs along the right edge of the map. Various locations are labeled, including 'El Almaciguito' in the upper left, 'Lomo los Panascos' on the left, 'Pasacola' in the upper right, 'Los Juncos' on the right, 'Curva la Fajana' in the middle right, 'Vera de Igueste' and 'Fuente las Brujas' in the center, 'Las Piteras' in the lower right, and 'Guanabaqueste' in the lower left. A road labeled 'Calle la Amén' is visible in the lower left. The map also shows some small rectangular structures and a circular feature near the center.
